The family of Wakiesha Wilson will join Black Lives Matter- Los Angeles and state and federal lawmakers to commemorate the anniversary of the murder of their loved one who was killed in LAPD Metropolitan Detention Center on **March 27, 2016** with new legislative proposals. Wilson's family along with BLM Los Angeles, BLM California, and BLM Grassroots have been fighting and lobbying for policy changes and laws that would help prevent families in the future from suffering as they did when officials failed to notify them of their loved ones death for 4 days.

March 28, 2025 at 2 PM at the LAPD Metro Detention Center Congresswoman Sydney Kamlager-Dove will unveil the *Family Notification Act* which she re-introduced late last year and would require law enforcement agencies to inform families immediately when their loved ones are killed, injured, or moved within the federal prison system.

Assemblymember Isaac Bryan will make public the details of *Wakiesha's Law* which is meant to address similar issues within the California state and local prisons and jails.

Lisa Hines, Wakiesha Wilson's mother, and Sheila Hines, Wakiesha's aunt, will speak on their quest for justice for Wakiesha and the urgency of policy changes to help other families avoid the same suffering they did. Dr. Melina Abdullah of BLMLA and BLM Grassroots will also speak to the need for such policies under the current political administration.
